

Anne Sonner – Family History Quilts

Photo Transfer Workshop

Wednesday, January 10, 2024

You won't want to miss Anne's Photo Transfer Workshop! In preparation for the workshop **you will email your photos to Anne** and she will print them on fabric for you. During this workshop you will learn how you can do this at home.

Anne_sonner@verizon.net

Included with the workshop is one sheet, per person, of photos transferred onto fabric. 8 ½ x 11".

If you would like additional sheets of printed photos the price is \$10 per sheet, 8 ½ x 11", payable to Anne on day of workshop.

Pictures that have good contrast and high resolution are best. On one page one large image can be printed or two 5 x 7" images. Smaller printed images are also possible but detail will be lost on fabric if they are too small.

All photos must be emailed to Anne at least two weeks prior to class so she has time to do any needed photo-editing, including any enlarging or cropping you may request, and to print them with pigment inks. If you are emailing multiple photos you may need to email them one at a time.

Photo Email Deadline is December 27, 2023

Other supplies needed: Basic sewing supplies, sewing machine, and fabric of your choice for quilt design of your choice. ****Please note:** You will need to determine what pattern or project you want to include the Photo Transfer technique in as no specific pattern will be used for this workshop.
